Urn Base

Item# SW200

These walnut urn bases are constructed of medium density fiberboard (mdf) with real walnut wood veneers and the application of a dark walnut stain. Pet ashes are installed through the removable bottom panel secured to the urn using screws. For engraved nameplates we recommend 1-2 line engravings, with no more than 25-30 characters per line. Each figurine is made of cold cast resin and is permanently attached to each base using pins and glue adhesive. These figurines are manufactured in Italy by a premier design company.
